Remarks/Arguments:

This is a reply to the office action of November 7, in which claims 15 - 16 were

allowed. Claim 8, and the claims which depend from it, were rejected because of

insufficient antecedent basis for "the said openings" in the next to last line. The

rejection was well taken.

Claim 8 has been amended to comply with the requirement for adequate basis; no new

matter has been introduced.

Withdrawn claims 1 - 7 have been canceled with prejudice to the filing of a divisional

application containing those claims.

We believe that the claims as amended are now in proper form and are patentable over

the prior art of record.

Respectfully submitted,

/Charles Fallow/
